**BNP PARIBAS**  
CORPORATE & INVESTMENT BANKING

The bank for a changing world

“

# **CORTEX** Secondary is BNP Paribas' global secondary market electronic cross asset trading and quotation platform

”

**CORTEX** Secondary is BNP Paribas' dynamic secondary market trading platform, providing efficient execution and transparent pricing across an extensive range of fixed income cross asset cash and derivative financial products.

Combining intuitive technology and access to the bank's deep pools of liquidity,

**CORTEX** Secondary offers you the flexibility and confidence to securely click and trade real-time secondary market prices across interest rates, credit, inflation, foreign exchange and hybrid structures together with thousands of corporate and government bonds from the convenience of a single platform.

Whether you want to develop innovative trading strategies, execute trades or monitor and evaluate your trading activity,

**CORTEX** Secondary has been designed to offer you an integrated trading environment that is simple to use and allows you the freedom to concentrate on taking advantage of every trading opportunity.

### Intuitive Design

- Intuitive to set-up and simple to use. Choose the products you require from the comprehensive product inventory (Search by ISIN, maturity, strategy, currency, etc)
- Create multiple product dashboard screens, which can be customised to only show the products you require
- Real-time access to your dedicated portfolio lets you conveniently view online markets, historical prices, fixed coupons and term sheets quickly

### Extensive Product Coverage

- The platform offers an efficient way to price and execute the sell-back of structured notes and certificates
- Fully customisable product basket management features are available
- Access multi-asset market quotes quickly and easily
- Click and Trade 16,000+ (corporate/governments bonds) cash fixed income products
- Click and Trade 700+ structured fixed income products
- Once set up, view tradable prices on Reuters, Telekurs and Bloomberg
- Straight-Through-Processing allows for streamlined quoting, trading and processing

### Price Transparency

- Products and price disclosure can be permissioned to private groups or made visible to multiple groups
- Indicative prices can be viewed on Reuters and Telekurs and in addition, tradable prices can be viewed and traded on **CORTEX**Secondary as well as Bloomberg

### Reporting and Evaluation Tools

- View all your intraday trading activity with fully customisable trade blotters
- 'My Trades' email alerter can be set-up to send instant trade notification messages direct to your mailbox
- Historical price charts, coupon history and term sheets can be exported to Excel enabling you to create your own personalised market snapshots
- Complete control/transparency of all trades executed

### Developing Original Trading Strategies

- Fully integrated access to BNP Paribas' GlobalMarkets provides you with cross asset class market intelligence and research, helping you make an informed decision.
- Access a large inventory of FI secondary market positions
- Cross asset research/commentaries/strategy/forecasts/trade ideas
- Market News
- Pricing Tools
- Regional Analysis

### Specialist Support
